

LOOKS LIKE A REPUBLICAN LANDSLIDE.

SWEEPING REPUBLICAN VICTORY PREDICTED BY PROMINENT MEN.

Whole District Including Westmoreland, Greene, Somerset and Washington Counties Will Roll Up Substantial Majorities—Fayette to Give Republicans Big Vote.

Chairman's Statement.

P. A. Johns, Republican County Chairman, gave out the following statement today:

It is my prediction based upon a careful study of the situation that safe and Sherman will carry Fayette county by from 2,500 to 3,000. Owing to the splendid record of Congressman Cooper and the local popularity of the name on the county ticket their average should be in the neighborhood of 7,000, or somewhat in excess of the national ticket.

The campaign has been conducted by the Republican party along clean lines. The candidates for the most part being poor men their contributions to the campaign fund have been largely sufficient to pay for transportation and other expenses necessary to the conduct of the local campaign.

In his personal life the Republican ticket from top to bottom is admirable and worthy of not only every Republican in the county but every voter regardless of party who is honest administration and efficient service.

Somerset county will give the whole Republican ticket 7,000 majority said Jonas M. Cook, Chairman of the Republican County Committee to The Courier at noon today. "That is what we gave Roosevelt in 1904 and I will be very much mistaken if we don't duplicate the figure tomorrow. The Somerset county Republicans were never more united and cordial in support of their ticket. We are promised fine weather tomorrow and if it is a good day there will be a big vote and the Republican ticket will have, I repeat, 5,000 majority."

Congressman Cooper was in Somerset county last week and is entirely satisfied with the situation there. When The Courier predicted a few days ago that Cooper would carry Somerset county by 1,500 to 5,000, the announcement was received with incredulity in Democratic circles here, but the statement was made on the authority of those who have made it their business to poll the vote and as certain to a certainty what the situation is. Mr. R. Travis the Democratic candidate spent several days in Somerset county last week. He has given up any notion of being elected, but he wants to make a good showing and above all he doesn't want to run behind Colonel Johnson, the energetic Prohibition candidate. He won't but he might have done so if he had followed out his original program of staying at home and remaining a stranger to the portions of the district which turn the votes on election day.

While the Democratic candidate for Sheriff in Somerset county is hustling over the county securing votes for the Republican nominee, Charles Welmer has been pounding away at his anvil. He has lost only one vote from his work and says that he will work up to the last minute preparation of taking a rest from the work for three years. Welmer is so well known and in his trade meets so many of the farmers that he can do more electing it home than in running around.

Gen. W. H. Keenly made a speech at Waterloo town last week. A large number of former Somerset county Republicans have settled there and it was at their earnest solicitation that he went there to make an address.

In Greene County, D. L. Sayers, Esq., Chairman of the Republican Greene County Committee, gave out the following statement, regarding the situation in Greene county: "We estimate the Bryan majority vote in Greene county at between 1,150 and 1,200. Parker's vote was 755. There is dissatisfaction in the ranks of both old parties, and both of them will lose voters. Cooper, however, I think, will make a run with the State ticket. The county however is strong for Bryan, as it has always been known as a Bryan county."

M. R. Travis, candidate in my opinion does not lead any strength to the Democratic ticket, and it might be said that the Presidential candidate is the attraction. The Prohibition vote is not nearly so heavy on 50 and 150. W. M. Adams will poll from 150 to 200 votes, but he will draw as many of them from the Democrats as he will get from the Republicans so that Travis plurality over Cooper will not be more than usual."

Westmoreland County Chairman Charles C. Crowell of Westmoreland county feels sure of the election of the Republican ticket by good majorities, although he does not believe that the same vote will be returned in four years ago. Mr. Crowell says that George F. Huff's majority will be 1,500 in Westmoreland county and that he will come out of Butler county with a majority of 1,500.

making his majority 6,500. The balance of the ticket will make a good showing. Fayette's majority in Westmoreland will not be less than 5,000. There is no Socialist vote in the county of any importance, and there has been no industrial depression.

Washington County

A. H. Anderson, Chairman of the Washington County Republican Committee, says: Returns from nearly every precinct in the county convince me that Washington county will go Republican by a large majority. While there have been reports of proposed cutting is there always is, there is every indication that there will be a determined stand taken by the voters to support the nominees of their own choice, especially so as they named a top primaries a system for which the people fought for years.

With Monongahela and a few small districts to hear from the indications are that the Republican ticket should have about 15,000 and with this district mentioned should make a total of about 15,500 voters, while the high estimate I would give the Democrats would be 7,500 with about 4,000 doubtful votes. It must be understood that these figures are based on a full vote being polled and it is only right that each of these estimates be cut down 20 per cent which will represent the vote I expect to be cast.

I am certain that any cutting of the ticket will be more than made up by the Democratic friends of the candidates. However, it is the duty of those who believe in true Republicanism and desire to support the policy of President Roosevelt to cast their ballot for the straight ticket and not be misled by issues trumped up to fool the people.

John Mitchell's Poster.

One lone circular of John Mitchell is posted in Connellsville. It is a statement purporting to be made to the New York World and is as follows: In accordance with your invitation in my judgment the election of Bryan is for the best interests of the whole nation. He stands on a much better platform and will be guided by it in the exercise of his election. He is handicapped by the real and honest wealth and business have nothing to fear in Bryan's election.

DECLARES HE DID NOT PASS BOGUS CHECKS.

J. W. Beatty Implicates Another in Forgery for Which He Has Been Arrested.

J. W. Beatty, who was arrested by Constable J. W. Mitchell on charges of forgery, has implicated another party in the offense. It is said that information against the accomplice was made in Pittsburgh Saturday afternoon.

Beatty admits knowing that bogus checks were being passed by the bank, the police are now looking for him. He denies that he passed any himself. He sent the man to S. C. Jamison of Pittsburgh for a loan of \$100 and that is the way Jamison's checks fell into their possession. Beatty denies that he has passed any bad ones himself. He goes to a hearing before Justice Clark next Friday.

ELECTION DAY WEATHER

Day Will Be Fair With Temperature Stationary.

WASHINGTON, D. C., Nov. 2.—(Special)—The following weather forecast for election day was issued this morning by the Weather Bureau: "Indications are the weather will continue to tonight and Tuesday in the middle, Eastern and Southern States. Light showers are likely to occur this afternoon and tonight in the Ohio valley and local drizzle drizzle and drizzle in the middle East States. Temperature changes will not be marked."

Water Supply Reduced

GRILLSBURG, Nov. 2.—Notices were sent out today by the Westmoreland Water Company to all commercial customers that they must use a percent less water than normally. Every manufacturing industry is expected to comply with the order. It will result in the entire supply of water being used in the company supplies. Grillsburg has a population of 1,500.

ONE CROSS MARK DOES IT

In former years many votes have been lost to this county because the ballots were improperly marked. In this county should go to his polling place next Tuesday and make his vote count. In order to do this with certainty it is necessary to make only one cross mark. At the top of the first or left-hand column on the big ballot will be found the word "Republican." It is simply making a cross mark in that square a vote will be cast for the entire Republican ticket and no other mark need be made. By making that simple mark every Republican will have done his whole duty to himself, his party, and his country. As to the polls and make your mark as indicated and you will have nothing to regret.

At the top of the second column will be found the word "Republican." It is simply making a cross mark in that square a vote will be cast for the entire Republican ticket and no other mark need be made. By making that simple mark every Republican will have done his whole duty to himself, his party, and his country. As to the polls and make your mark as indicated and you will have nothing to regret.

PASTOR'S SPIRIT CALLED AS CHURCH BELLS RING OUT.

Rev. William A. Edie, Venerable Minister, Dies After Long Service.

COURIER TO FLASH RETURNS

The Courier in conjunction with the Uniontown Republican Club will publish the election returns on a big canvas in front of the First National Bank building, Connellsville, Pa., will make the returns and keep it busy with interesting pictures of the election day. The special Western Union wire will be installed at the head quarters with an operator to receive all the news of the national contest while the county returns will be taken out of the Courier office where the campaign office will be established with the latest of correspondence and the 100 committee men of the county. It is thought that it will be possible to get definite news concerning the county vote by midnight when all of the large districts will no doubt have been heard from.

An extra telephone service has been installed in the Courier office for use in receiving and giving out information. These telephones are connected with the long distance wires of the U. S. and the State companies. This way a lot of extra power is saved and the Courier office is kept in touch with all Western Union reports so that the news may be had however at the earliest possible moment.

PREACHER MAY ASK COURT TO SUSTAIN HIM.

Rev. Wright Refused Admission to New Haven A. M. E. Church by Congregation.

Claiming he is too old to occupy the pulpit of their church, the members of the African Methodist Episcopal Church of New Haven refused to permit Rev. Wright to occupy the pulpit to take charge yesterday. Now a local fight threatens to ensue.

At the meeting of the A. M. E. Conference, Rev. Wright was appointed to the New Haven pulpit. The selection proved unpopular to a portion of the congregation and they refused to let him take his place yesterday.

Rev. Wright, who is well liked in Connelville, is going to try to do for his place through the courts. He claims the keys of the church are held by the minority and the trustees will be asked to observe the rules of the conference by permitting Rev. Wright to take his place in the pulpit.

MEN DISORDERLY ON CARS RECEIVE FINES.

New Haven Magistrate Assesses People Who Create Disturbances on West Penn Line.

William Church and Blane Stephenson, both of Dunbar, were given a hearing this morning before Judge H. M. Shaw of New Haven on a charge of disorderly conduct on a Uniontown street car. The information was made by County Detective Frank McLaughlin. The case was settled by the defendants paying a fine of \$10 each, and the costs.

Michael Mader and John Stronka, foremen, hailing from Juniataville were given a hearing Saturday afternoon before Judge Shaw for the same offense. They were arrested Friday night on a Vanderbilt street car by Constable William Toland of Dunbar townships. The men were taken off the car at Greenwood and placed in the New Haven jail pending their hearing Saturday afternoon. The information was made by County Detective Frank McLaughlin. The men were fined \$10 and costs.

PHILIPPINE VETS TO MEET IN ARMORY.

Society to Gather in Room in New Building Assigned to Them for First Time.

For the first time the Philippine Veterans will meet in the Armory to night. It has been arranged that the Society of the Army of the Philippines, given the large room to the right of the entrance on the gallery floor for their regular meeting place. Here before the Society has been meeting in Captain H. H. Crow's office, but the excellent quarters now given them in the Armory will be used for those meetings. The room has been nicely furnished and has the Society proposed additional improvements. It may be noted, it is believed that a regular meeting place of this character will stir up additional interest in the Society and larger meetings will result.

WIFE SEEKS DAMAGES.

Mrs. Warrman Declares Husband Was Killed Through Negligence.

PHILADELPHIA, Nov. 2.—Mrs. Margaret E. Warrman of Uniontown has brought suit against the H. C. Rick Co. (Company) for \$15,000 damages for the death of her husband which occurred at the Broadfield works on September 1, 1907.

Mrs. Warrman says her husband's death was caused by the negligence of a company employee who was addicted to drink. She avers that the company was aware of this man's intemperate habits yet continued him in its employ.

White Soap—Blue Wrapper
The best naphtha soap is P. & G. Naphtha Soap.
Remember the name.

But if you should happen to forget it, remember this description: *The white naphtha soap in the blue wrapper.*
P. & G. Naphtha Soap is used by women who are anxious that everything about them shall be as clean as soap and water can make it; but who don't propose to stick to old-fashioned methods when new ones are better.
P. & G. Naphtha is a new kind of soap.
The method of using it is new.
The results are new.
Boiling of clothes is entirely done away with. The hard work over the washboard is reduced to a minimum. And because it is no longer necessary to keep a fire going all day long in order to heat the water, the room in which you wash is as cool as you care to have it.
Think of that—working, on washday, in a cool room.
P. & G. Naphtha Soap is sold by good grocers everywhere.
The Price is 5 Cents a Cake.

HOW TO VOTE FOR THE SQUARE DEAL.

REPUBLICAN

For a Square Deal by Square Men in a Square Cause vote by making a single cross-mark in the Square indicated. It is the first square on the first column at the left of the ballot.

BUSINESS AND BRYAN.

We have never subscribed to the doctrine that it is the duty of a partisan newspaper to lie for its cause. A cause, political or otherwise, which cannot stand on and for the truth cannot stand at all, and the same can be said for a newspaper.

We have repeatedly stated that the business interests of the country distrust Bryan; and that in consequence the effect of his election would be to shut down the mills, mines, coke ovens, factories, and other industrial establishments; to depress business; to make idle men; to invite panic and ruin, poverty and suffering. The prediction is based on an honest conviction, and it is shared by the leading minds of the country.

This statement is not made on suspicion, but from an actual knowledge of facts. For example, and to bring the matter close to home, we may state that we know that large contracts for coke for the coming year have been placed with Conneltsville operator contingent upon the election of Taft at better prices than have prevailed for a year past.

We have heard of but one such case. Bryan is elected. A Louisville merchant is alleged to have ordered "ten carloads of long white potatoes" to be delivered if Bryan is elected, with the option of cancelling the contract if Taft is chosen. The Kentucky Democrats probably expect to eat potatoes, "skins and all" as they do in Donegal, if Bryan is made President.

The Courier does not wish to pose as a Calumny Howler, because we are optimistic rather than pessimistic, but we would be faithless to the people whom we serve if we did not faithfully portray the situation as we see it.

"It is not a theory, but a condition which confronts us," and no section of the country has a livelier interest in the condition than has the Conneltsville coke region.

THE VOICE OF RUMOR.

In the closing hours of the campaign in Fayette county rumors are rife of factional opposition to portions of the county ticket.

Republicans should ignore them and do their whole duty to the ticket; because, first and primarily, these rumors are probably the inventions of the enemy; and, second, even if true, they would not justify retaliation. It is not possible that Republicans who value their standing in the party should deliberately turn traitor to it, because such sins are surely found out, and conviction means party ostracism, blasted ambitions, political annihilation.

Every honest and faithful Republican will vote the Republican ticket honestly and faithfully because it was honest and fairly nominated; but if any should be so foolish and foolish as to carry their factionalism to the polls they will be inviting a worse fate than that which they would help others to.

Political leadership has its duties and obligations as well as its honors and rewards, and it is frequently and justly judged by results rather than by protestation.

But we repeat that we do not believe the Republican party has any traitors in the camp. We feel confident that the Republican ticket in all its parts has the loyal support of all Republicans and will carry Fayette county by sweeping pluralities.

Let us, then, disregard the Voice of Rumor and heed only the Call of Duty.

AN APPEAL TO INDEPENDENTS.

There are in this county two classes of voters, one bilious and doggedly partisan under all circumstances and conditions, and the other partisan from a sense of conviction that the policies its party advocates and seeks to enforce are best calculated to promote the prosperity and happiness of the whole people.

In a sense the second class are independent voters, and as a matter of fact they are the rules of the country, because when one party or President departs from wise and beneficent policies it is always the independent voter who puts them out of the business of ruling. The independent voter is, therefore, the hope of the nation, and the party that does not appeal to his patriotism appeals in vain for public confidence and political power.

The Courier is a Republican paper from a deep and earnest conviction that Republican policies are better calculated to promote the public welfare than those of any other party. It is, therefore, from a sense of duty that we cordially and earnestly invite all sincere lovers of their country and fellow-men to vote the Republican ticket tomorrow.

We ask them to vote for William Howard Taft and James Schlotterback, respectively, and for Allen Foster Cooper for Congress, for the reason that they represent the life-giving, prosperity-producing principles of Protection, Honest Money, Sound Banking, Trust Regulation and the Square Deal, while the Democratic party and its candidates stand for Free Trade, Free Silver, Violent Finance, Trust Busting and Pandemic Discrimination.

We ask them to vote for the Republican county ticket because it represents to a minor degree all the above policies, and in addition is composed of representative citizens of ability and character.

In this campaign the citizen of patriotism and probity cannot do better than put a cross-mark in the first large square on the left-hand side of the ballot designated as "Republican."

RELIGION AND POLITICS.

If there is one thing above all others upon which the American people have set the unmistakable seal of their disapproval, it is the mixing of religion with politics.

Freedom of conscience was one of the things the founders of the nation incorporated in the compact of government which is the fundamental law.

Nevertheless religion has at times entered into politics, more shame to it.

An attempt has been made in this campaign to inject the question into the Presidential contest, but it has not succeeded because the people generally will have none of it. They are wise in their generation.

In the name of religion, which typifies justice, truth and love, more cruelties have been committed and more blood shed than in any other cause.

Fanaticism has no place under a free government like ours.

DEMOCRATIC TRICKS THAT ARE VAIN.

In spite of the fact that John Mitchell, in declining to make a speech at the Vanderbilt Democratic meeting, said in effect that he did not think it proper for a man in his position to attempt to influence the labor vote in politics, posters have appeared in portions of Fayette county containing his picture and a printed appeal over his name for the laboring man to vote for Bryan.

It is only too evident that this poster is unauthorized by Mitchell, clumsy forgery designed to deceive the workman, and it might have been effective in Fayette county were it not for the letter he wrote to the Vanderbilt Democrats.

John Mitchell is a Democrat, and he will probably vote for Bryan; but he is too loyal to labor to attempt to deceive workmen to the polls like sheep, as Gompers and a few of his henchmen are trying ineffectually to do.

attitude of the American citizen may be persuaded to change his politics occasionally, but he can't be driven in by the whip of basism.

The Wayneburg Democrat solemnly warns the Green county Democrats that if they expect to take part in the next primaries they must vote the Democratic ticket this fall. Perhaps some of them do not care whether they take part in any future Democratic primaries. There is no money in them for the F. & D. bank has "busted." What's the use?

The Standard Oil Company is not for Roosevelt, who is just now lying at the foot of the hill, and it is not for Taft, because it knows Taft will continue the fight.

Uncle John Rockefeller is trying to play "Togias Huns" with Taft.

Indiana is perhaps the only doubtful Northern State, and Congressman Burke, who has been campaigning there, says it is not doubtful. What's the use?

Vote for X, the first X on the list.

Don't be a Splitter. It's not a good year for splitting.

The banks like the Saturday half-holiday so well that they don't want to part with it. If the banks are going to maintain the practice of keeping open Saturday evening, we believe to the opinion that the public can spare them a few hours in the afternoon. We feel sure their customers will accommodate themselves to the situation.

The Davidson case works mystery with tariff something, but be the place of the political mystery now partially solved.

The Noodle News says Justice Doyle of Uniontown "squeaked" an indictment. The pumpkin head season is on.

The Conneltsville police have declared war on the business of keeping the declaration might have been made before this time, but now that it has been made, it is a waste of time. It is suggested that it be extended to the barroom bums also, and that the proprietors be brought into the service as active members of the Army of Reform.

Vote early and vote straight.

The good weather promised tomorrow and said to continue, but it is not certain it will be trouble some to poll. Every voter should therefore try to cast his vote as early as possible.

Chairman Johns has increased the Republican estimate in Fayette county since the Clinton was made. That Taft is coming to it, surely.

Professor Henry Brown developed into a star.

Bryan says Carnegie "thinks the majority of the stock of the Steel Trust." The Professor is in politics in his appearance of some things, and the Steel Trust is a thing of the past. It is suggested that he take any Steel stock in payment for his property. He is invited upon by a mortgage on all the property, and his demands were not Andrew Carnegie holds no Steel stock, but a great deal of it is held by the Common People.

The Government mining experiment station at Pittsburgh is already looking for the best use of the application for entering persons into the field, ready proven their practical ability. In their credit already stands a life saved.

The Uniontown Republican meeting was a Rip-Roarer with the band attached.

Even the stars say Taft is a winner.

Congressman Moon, in his telling speech at Uniontown Saturday evening, showed the utter hopelessness of Bryanism. "Shall the People Rule?" by pointing out that in the Southern States upon which Bryan depends almost wholly for support it is a notorious fact that the people do not rule.

It looks like Republican weather.

Since the retirement of William Democratic McMillan from its management, the official organ of the Young Democratic Union of the State has been in the closing days of a Presidential campaign in getting the perfect cause for the purpose of electing a Democratic President. The News has been expected at not being sincerely Democratic in all times in its time and its performance is now a new low point in the evidence of being a Noodle organ.

The Noodle News is a nothing more than the strenuous attitude of politics.

Either Taft or Bryan will be the next President of the United States. The Standard Oil crowd never admitted that politics interfered, and they are not admitting that now.

More new suits here to show you this week, especially in the \$24.00 line. Started in this season to do a pretty large suit business and we are doing it. Tell you at the beginning that we intended to sell our suits for a very close margin of profit. Clear we believed, but most stores could afford, and doing this has been one of the reasons for an increased suit business at this store. Another reason and perhaps just as good a one is the suits. We ask you to come and see them and be the judge for yourself. If you have a suit you own it to yourself and pocketbook to see those we have here.

WINSTON-SALEM, N.C., Nov. 25 (Special to The News) — It is not, but it is, a difficult trip across the country for a 70-year-old man. Arrangements for a homecoming by the local Democrats to give him a warm reception upon his arrival in Lincoln, Mr. Brown will spend the next few days at home in a interview with the extension of a visit to the polls to vote in the morning. The telephone camp is having a strong extra whip and completely necessary arrangements for receiving a reception at his home tomorrow at Mr. Brown's home.

Washington, Nov. 2.—The president has issued the annual Thanksgiving proclamation in which he points out the steady growth of the nation in strength, wealth, power, wealth and population and the on average of individual comfort and well being is higher than that of any other country in the world for which he declares Americans owe it to the Almighty to show equal progress in moral and spiritual things.

Chicago Nov. 2.—With the assertion that the vote for the Prohibition party tomorrow will be twice as large as ever before, east Chairman Charles K. Jones announced that the Prohibition committee has been assured an income of \$5,000 a year for the next four years without a cent on its part. Mr. Jones said that the financial backing for the party had been pledged by 1,000 prominent persons.

A Radical Departure from Regular Methods Has Produced These Overcosts of Ours.

Doing the same thing over and over again day after day, year after year has made the most of the ready-for-service Overcoat's hackneyed and commonplace.

The makers of our Ovecoats have departed from the established order of things employing methods, both in making and designing, that have given to these garments an individuality that will appeal to the man who desires that his clothes express his own personality as well as they conform to his person.

The range for choosing is broad both as to fabric and diversity of styles. The leading models, of course, are the conservative Chesterfield and the Military coat, both of which are shown in various designs of style and weave.

Even the coats priced as low as \$7.50 deserve recognition, as even they present characteristics not usually found in garments priced so low. The different models cover a price range reaching to \$35.00.
